

# 2025 Allianz Datathon

This dataset comprises of two parts: **Visitation Data & Climate Data**.

## Visitation Data

Visitation Data is measured in **visitor days**. A "visitor day" is a unit of measure used to quantify the use of a site or facility by visitors, typically representing 12 visitor hours. It can refer to a single person spending 12 hours or multiple people contributing to the 12-hour total. This term is often used by state and federal agencies to track and analyse visitor activity, particularly in recreation areas.

Victorian visitor day data has been obtained from [Alpine Resorts Victoria](#). NSW resort visitation data has been estimated using annual visitor day estimates.

The data has been provided on a week-by-week basis based on the ski season. The exact dates of the ski season is available [here](#)

## Climate Data

Climate data has been provided for each resort from 1/1/2010 until 28/7/2025. It has been obtained from the Bureau of Meteorology.

For simplicity, it can be assumed that any precipitation that fell within the ski season dates was snow.

The climate data includes the following information:

- Daily maximum temperature
- Daily minimum temperature
- Daily rainfall

Weather Data for each resort has been obtained from the nearest weather station. You can find out more about these weather stations at the [Bureau of Meteorology](#). The weather station names are as follows:

71032 - Thredbo AWS  
71075 - Perisher AWS  
72161 - Cabramurra SMHEA AWS  
83024 - Mount Buller  
83084 - Falls Creek  
83085 - Mount Hotham  
85291 - Mount Baw Baw

## Notes

- Some Australian resorts are excluded as they are either too small or had insufficient
- Mount Stirling does not have a weather station and is located close to Mount Buller
- Charlotte Pass does not have a weather station, and is located nearly equidistant from Thredbo and Perisher

## Ski Season

Week 1	9-Jun
Week 2	16-Jun

Week 3	23-Jun
Week 4	30-Jun
Week 5	7-Jul
Week 6	14-Jul
Week 7	21-Jul
Week 8	28-Jul
Week 9	4-Aug
Week 10	11-Aug
Week 11	18-Aug
Week 12	25-Aug
Week 13	1-Sep
Week 14	8-Sep
Week 15	15-Sep
